What are your biggest achievements till date ?

🕒 Speaking time 1 min 5 sec

When it comes to my achievements, I am proud of many things that I have accomplished in the past few years.

My biggest academic achievement will be completing my BE / B.Tech degree with a 7.26 CGPA. I would also like to mention that I secured 70.0% in my XIIth board and 85.0% in my Xth board, which I feel are also academic achievements.

Unlike few of my peers, I am skilled in Java, C++, Data Structures, OOP, C, HTML, CSS, Python, OS and Linux.

Being a hard worker, a positive and an adaptable person, I feel I am ready to jump start my career. I have good communication skills, I am ambitious and also a hard worker. Hence, I feel I will be able to contribute to this position substantially and also add many more achievements to my resume in the days ahead.
