Sir/Ma'am,

Having graduated from D Y Patil College of Engineering, Pune, which is one of the reputed colleges in the country, has exposed me to interaction and teamwork with students with high intellect and belonging to various cultures and backgrounds. Also, studying in this college gave me immense opportunities to delve in various extracurricular activities. I believe that apart from a good academic background, these qualities go a long way in shaping personalities and creating efficient workforce.Also, living in hostel premises made me a much stronger and an organized person with a wide network of friends and acquaintance.

Also, I would like to draw your kind attention to the fact that I am well versed in skills such as Java, C++, Data Structures, OOP, C, HTML, CSS, Python, OS and Linux which are very much in demand in industry these days.

I genuinely believe that all these qualities make me a perfect fit for this job role.
